HIGHLIGHTS

McGeorge "Mac" the U.S. National Security Advisor to Presidents John F. Kennedy and Lyndon B. Johnson from 1961 through 1966 was one of the chief architects of the Vietnam War.

Surprisingly, McGeorge Bundy's alleged acts of treason as U.S. National Security Advisor remain an understudied aspect of the November 22, 1963 Coup D'etat and the killings of President Kennedy, Robert Kennedy, Martin Luther King, John Lennon, , and other advocates of peace.

This paper presents evidence to suggest Mc George Bundy's criminal acts were instrumental in contributing to the tragic Vietnam war and to the government sanctioned serial killings (GSSH) of JFK, RFK, MLK, John Lennon and other thought leaders advocating peace.

BUNDY WITH JFK AND THREE DAYS IN NOVEMBER 1963

Mc George Bundy reversed JFK's Bay of Pigs orders for air support for Cuban rebels (1). General Taylor's committee concluded that Bundy's reversal of JFK's orders was the most

critical error for the Bay of Pigs disaster (1). A few shattered glasses, no big deal, Bundy joked the day after “Bay of Pigs”(1).

Outcome:

A failed military operation with human losses of several hundred people.

08/30/1963: Under Bundy, Hilsman sent a cable backing a Vietnamese coup, undermining JFK’s exit strategy (2).

10/20/1963: Bundy aide Forrestal sent a memo authorizing the coup, further undermining it (2).

11/01/1963: Conein in Saigon, Bundy from the White House Situation Room participated in a Coup D’Etat and the murders of Diem brothers in Vietnam despite JFK’s orders for their safe exit(1,2,3).

Outcome:

A Coup D’etat in South Vietnam and the murders of Diem brothers in violation of Presidential orders by Bundy , Forrestal, Hilsman and Conein (1,2,3).

THREE DAYS IN NOVEMBER 1963

A series of unusual and pivotal events occurred over three days in November 1963, influencing both JFK’s assassination and the escalation of the Vietnam War. Each event featured an apparent anomaly suggesting irrational actions or possible sabotage, with McGeorge Bundy linked to nearly all of them.

On November 20, a high-level meeting in Hawaii involving Bundy and McNamara altered an NSAM directive(1,2). Although President Kennedy had instructed planning for disengagement from Vietnam, the outcome reversed this goal.

Most of JFK’s Cabinet was in Hawaii on November 20-21 and en route to Japan on November 22 when news of the assassination forced their return. An anomaly emerged when their undelivered speeches were published the next day as if the trip had proceeded (1).

On November 22, the Christchurch Star reported Kennedy’s death and Lee Harvey Oswald’s Soviet travels before Kennedy had died and before Oswald was accused (1).

On November 21, Bundy drafted NSAM 273, whose content implied Johnson was already president despite Kennedy still being alive (1).

Also on November 21, a top-secret SIGNET message reportedly informed senior officials of Kennedy’s death a day in advance (4).

11/22/1963: Under Bundy JFK , White House. Tapes November 1963 , White House vanished (4).

On November 22, a major peacetime military exercise led by General Curtis LeMay took place over Washington, coinciding with Kennedy's assassination and Johnson's return flight, monitored by Bundy from the White House Situation Room (1).

Outcome:

The first Coup D'etat in America killing JFK and reversing NSAM 263 not to end the American military engagement in Vietnam.

INTELLIGENT HOMICIDES OF THOUGHT LEADERS: PRELUDE TO THE VIETNAM WAR

Robert Kennedy, Martin Luther King, John Lennon, , were victims of "intelligent homicide"—a covert method marked by sudden death, incompatible medical evidence, falsified records, and unprosecuted perpetrators. forensic and mathematical analysis did reveal signature traits across cases challenging official narratives, suggesting a strategic pattern of elimination (3).

Summary: Under Bundy RFK, MLK, John Lennon were victims of GSSH to launch the Vietnam war.

DISCUSSION

The effects of Mc George Bundy on American history have never been adequately understood. Bundy was one of the crucial masterminds of the saddest chapters of American history: The first American Coup D'etat., the assassination of President Kennedy ,the serial killings of Robert F Kennedy, Martin Luther King , John Lennon and many other peace advocates and the tragic and unnecessary Vietnam War.

Bundy's extraordinarily well concealed acts of treason were inn violation of the American Constitution contributed to military power-driven wars wisely forecasted by President Eisenhower in his historic farewell speech on 01/17/1961.

Moving forward American democracy and institutions of integrity and intellect would benefit from evidence based , textbooks, museums and monuments.
